Welcome to the Glendale Campground! We hope you enjoy your visit. Beginning in May of 2012 the campground is an operation of the Daviess-Martin Joint County Parks & Recreation Department. However, we do not expect to see many changes that would impact current users of the facility. The check-in/registration process is a little different since it is now located in the campground itself, but every effort is being made to have it as user friendly and easy to navigate as possible.

The department also operates West Boggs Park north of Loogootee, Indiana, and one thing that has changed for your benefit is that your Glendale camping permit will also allow entrance into the West Boggs facility at no additional cost; in case you or family members wish to participate in any of the programming or activities there.

It is important to note that all the rest of the Glendale property and operations have not changed at all and are still in the hands of the IDNR staff that has been there for many years.
